2010 10-Year Tax Preference Review Schedule

October 2009

During the 2006 session of the Legislature, lawmakers approved EHB 1069, establishing the Citizen Commission for Performance Measurement of Tax Preferences (Chapter 43.136, RCW). The commission's directive is to develop a schedule for periodic review of the state's 500-plus tax preferences, and to revise the schedule annually.

Tax preferences include exemptions, exclusions, or deductions from the base of a state tax. Preferences also may include a credit against a state tax; a deferral of a state tax; or a preferential state tax rate. According to the approved review schedule, tax preferences will be evaluated by the Joint Legislative Audit and Review Committee (JLARC) to assess whether they are effectively meeting their intended objectives. For each tax preference on the regular Expedited and Full Review lists, JLARC is to provide recommendations to continue, modify, add an expiration date and conduct another review prior to the expiration date, or terminate the preference. JLARC may also recommend accountability standards for future reviews of tax preferences.

The attached four lists represent the 10-Year Tax Preference Review Schedule:

A – Tax Preferences Not Subject to Review

These preferences are exempted by statute, or have been determined by the commission to be a critical part of the tax structure.

B1 – Tax Preferences Subject to Expedited Light Review

These preferences have an estimated biennial impact of \$2 million or less, and JLARC may use an expedited process for these preferences. JLARC will provide information from the Department of Revenue Tax Exemption Report on these tax preferences. No JLARC staff recommendations will be made for these tax preferences.

B2 – Tax Preferences Subject to Expedited Review

These preferences have an estimated biennial impact between \$2 million and \$10 million, and JLARC may use an expedited process when conducting performance reviews for these preferences. An expedited review allows JLARC to examine a more limited number of issues than that of a full review.

C – Tax Preferences Subject to Full Review

These tax preferences have an estimated biennial fiscal impact of more than \$10 million. A full review involves evaluation of all issues outlined in RCW 43.136.055.
