

Citizen Commission for the Performance Measurement of Tax Preferences

10-Year Review Schedule

2017-2026

Statute directs the Commission to develop a schedule to accomplish an orderly review of the state's tax preferences on a ten-year cycle. The Commission is authorized to revise the schedule as needed.

This ten-year schedule was adopted by the Commission in June 2017 and was amended in May 2018.

In adopting the schedule, the Commission considered a number of issues, including:

- Industry grouping
- Amount of the preference
- Expiration date of the preference
- Whether the Legislature explicitly directed a review of the preference
- Whether the preference is considered critical to the state's tax structure
- Results of previous reviews

The format of the schedule is similar for each year:

1. 15 preferences are scheduled each year for a **Full JLARC Review**. For these, the Commission will base its review on the work completed by staff of the Joint Legislative Audit and Review Committee.
2. 10 preferences are scheduled each year as **Alternates**, which are preferences that will have a full JLARC review if staff resources are available after completing the 15 full reviews. If not, these preferences would be reviewed using the expedited process, outlined in 3 below.
3. A number of preferences are then listed as **Not Subject to Full Review**. For these preferences, the Commission will use an expedited process, basing their review on information developed by the Department of Revenue.
4. Each year include a list of preferences categorized as **Critical to the Tax Structure**. The Commission has determined that these will not be reviewed. However, the Commission may, as it revises the 10-year schedule, determine whether to review these preferences if merited by changes in statute or economic circumstances.
